

Our festival guests ask very often about wholemeal bread, that is served during the dinners. But not many of us know that this delicacy has its history. It is being baked by Miss Dorota Traut for over twenty years, and for last 6 years it is prepared for sale. As I investigated, it has started with the school fest on which the bakery of Miss Dorota has been appreciated by many parents, who started to make orders. This tasty bread is being baked by the agritourist farm in the village Pupki. You can also buy this bread. There is possibility to order it by phone and take it personally from the farm. Phone number: 693 336 956 Dorota Traut, Pupki 17
